

Direct Debit and EasyPay

The choice is yours

The fast, direct way to pay your Essential Water accounts

We all have to pay bills. There's just no avoiding it. But that shouldn't mean we have to be inconvenienced by them. That's why we offer you the choice of paying your Essential Water account by Direct Debit or EasyPay. By doing so, you'll have one less thing to think about and more time to do the things you'd rather be doing.

Making Direct Debit work for you

When you choose to pay by Direct Debit total amount, your Essential Water account total is automatically paid on the due date from your nominated bank, credit union or building society account.

When you choose to pay by Direct Debit instalments, you simply select how much and how frequently you wish to pay instalments. You can choose either monthly, fortnightly or weekly (you decide) and then each agreed period your nominated bank, credit union or building society are debited that amount. However, you still need to pay the remaining bill amount by the bill due date.

Once you've set up your Direct Debit, your bills will virtually take care of themselves.

Paying your account the EasyPay way

With EasyPay (often known as bill smoothing), we average your bills over a year and then debit an agreed amount either monthly, fortnightly or weekly (you decide). That means you won't be hit with any large, unexpected seasonal bills. Instead, you can just sit back and relax knowing that your account is taken care of.

To ensure you are not underpaying or overpaying, we review your account annually so you can be certain that you're always paying the right amount to cover your usage.

Your Direct Debit Request authorises us to arrange for payment of the amount due to Essential Energy for the service we have provided you, at the due date of your bill or another date as agreed between us.

It also enables any changes in those amounts, and time, to occur automatically – you will not need to complete another form.

If the direct debit ends for any reason, you will need to organise a suitable alternate payment method.

If there are insufficient clear funds in your nominated account or you gave Essential Energy incorrect account details, you are aware that you may be charged a fee by your financial institution due to a failed or incorrect Direct Debit. Essential Energy will not be responsible for dishonour fees and may also charge an administration fee. You must still arrange for the payment to be made to us.

Important Information

Specific details relating to your direct debit are separate within your Direct Debit Request and the agreement outlined in this brochure supports this information. If you believe an error has taken place in debiting your account, please call **13 23 91**, 7am – 7pm week days as soon as possible so this can be rectified.

Essential Energy will cancel your direct debit at any time if two consecutive debits are dishonoured by your financial institution. To reinstate your direct debit you must make alternate arrangements to pay the amount outstanding. If you have multiple dishonours again within a period of twelve months, then your direct debit will be cancelled and you will be required to find another form of payment of your water account.

You can make changes to your direct debit by contacting Essential Energy on **13 23 91** or by writing to Essential Energy, PO Box 5730, Port Macquarie NSW 2444.
