

Protecting our sewer system and

trade waste disposal

Please NEVER put these materials down the drain:

- Biohazardous waste
- Chromate from cooling towers
- Concentrated acids, caustic and other corrosive chemicals
- Discharges from bulk fuel depots
- Flammable or explosive substances
- Fungicides
- Herbicides
- Natural or synthetic resins
- Oil based solvents, paints and paint thinners
- Oil, grease or fats
- Organic solvents and mineral oil
- Organochlorine weedicide or waste from its preparation
- Organophosphorus pesticides or waste from its preparation
- Pesticides
- Petrol, diesel
- Plastic monomers
- Rain, surface, seepage or subsoil water
– unless specifically permitted
- Rubber and plastic emulsions
- Solid matter
- Spent coolant, kerosene, other solvents
- Substances producing noxious
or poisonous vapours
- Synthetic adhesives
- Waste liquids that contain pollutants
at concentrations which inhibit the
sewage treatment process.
